STATEMENT OF OBJECTIVES AND REASONS

Gwader is a serious issue of Balochistan. Gwader is said to be the mother of today's insurgency and armed resistance in Balochistan. Because when land allotments were being to the non Baloch people in Gwader, Baloch people were having reservations that their population is going to be converted in minority. The whole Balochistan resisted on this and law and order situation started getting bad from that time. Baloch leader are demanding that the port shall be handed over to the provincial government and also shipping minister too. Sindh from a long time is also demanding that port shall be handed over to the provincial

government. It will be the most important amendment which will give very good results and also be a good confidence building measure for BALOCHS.
